Terminal Monitor Dimensions

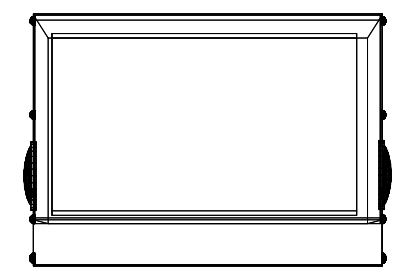

Notes

- Terminal sized to Dell Monitor from PLAI Lab
- Terminal Body to be crafted from wood panels and painted to look like brushed metal
- Acrylic panel fogged and weathered to production preference
- Monitor content to be in landscape
- Monitor to fit into terminal in style presented. The Fabrication Team has free rein to modify design of terminal as long as it resembles what is drawn and matches the visual world of the room.
- Can have one or two speakers. No less than one.
